3.4 Extension Activities

3.4.1 Extension activities in the neighbourhood community in terms of impact and sensitizing students to social issues and holistic development during the last five years

Response:

- Extension activity for the development of the society and the responsibility of the students.
- Cleaning the big awareness of the swachh bharat mission, which was useful to the people. we would plant more the number of trees, it would be help to the next generation for avoid the breathing causes.
- Dengue awareness helped to reduce so many diseases, particularly spreading by the mosquitoes. It will be safe from the dangerous situation. people may know about the causes of dengue and importance of the 'nilavembu kasayam'.
- According to the students they should be used the book and pen for their educational purpose.
- The awareness of the 'safety of women' it had the major issue of in India now. It implies women in india have been given equal rights as men, but still women were living in fear ;
- It would be avoid from these awareness; so people were given the statue of goddess. It was extremely destroyed the painful moment to watch the status of women's safety in india.
- 'Food as medicine' this awareness helped to the youngsters, children and all the people of our country.
- It restricted the fast food and packed items. people may concentrate their health and avoid the health issues.
- The awareness about 'traditions and culture', as a citizen of india we must know about the culture and tradition of our country. we were the responsibility to take it the next generation.
- India was the cradle of the human race, the birthplace of human speech, the mother of history, the grandmother of legend, and the great grandmother of tradition. Our most valuable and most instructive materials in the history of

man are treasured up in India only. so we should spread it for these awareness.

- The speciality of herbal awareness, majority of all diseases would be cured by herbal products. some diseases may not be cured through the medicine but possible to the herbal.
- Maths classes conducted to the students for they know about how the easy way of multiplication and division. this method was easily learned about abacus, vedic maths. it would help to develop the uses of the brain capacity.
- Program based on the uses of solar energy through the many ideas.
- Plastic awareness, which was the pollution of plastic and the unimportance of plastic; it is restricted to a polluted environment.
- The grammar and spoken English classes conducted to the students for their improving languages and pronunciation of particular language. so they easily talk in other language.
- Waste management awareness, in this relevance, solid waste management needs major attention. Awareness in society is profusely obligatory for minimization of solid waste generation. Careful study reveals that municipal solid waste (MSW) provides a major contribution to the total amount of solid waste.
- Awareness of aadhar card mission, a main objective to provide universal identity to every Indian resident. People can now get the card with much ease as its acceptance as a mandatory document for various initiatives has been officially made.
- Awareness of online banking, e-banking or virtual banking, it was aware to people which was an electronic payment system that enables customers of a bank or other financial institution to conduct a range of financial transactions through the financial institution's website.
