Discussion : **Bacterial growth** is proliferation of bacterium into two daughter cells, in a process called binary fission. Providing no event occurs, the resulting daughter cells are genetically identical to the original cell. Hence, **bacterial growth** occurs. Both daughter cells from the division do not necessarily survive.

Discussion

Gynecologists are doctors who specialize in women's health, with a focus on the female reproductive system. They deal with a wide range of issues, including obstetrics, or pregnancy and childbirth, menstruation and fertility issues, sexually transmitted infections , hormone disorders, and others. A gynecologist is a doctor who specializes in women's reproductive health. Obstetricians care for women during their pregnancy and just after the baby is born. They also deliver babies. An ob-gyn is trained to do all of these things.

Discussion

The Medicine Awareness Campaign is an IPSF public health campaign that many countries participating in IPSF support. We as student pharmacists know that patients should be educated about the effects of medications to optimize their health outcomes. The campaign can run during any time of the year. Improper use of medicines brings potential health hazards. Members of the public should therefore acquire knowledge on the efficacy of medicines and use

Discussion

Environmental awareness means being aware of the natural environment and making choices that benefit the earth, rather than hurt it. Some of the ways to practice environmental awareness include: using safe and non-toxic building supplies, conserving energy and water, recycling, activism, and others. Environmentalism or environmental rights is a broad philosophy, ideology, and social movement regarding concerns for environmental protection and improvement of the health of the environment.

Discussion

Cerebral palsy is a neurological disability that affects thousands of children and adults worldwide. March is Cerebral Palsy Awareness Month, which allows us to celebrate and educate others about the disorder. Feel free to get to know who they are, and you will gain insight into how their disability affects them. March is Cerebral Palsy Awareness Month, a time to support and educate the public about this common disability. This month and on CP Awareness Day, which is March 25, Plasticity Brain Centers is proud to support CP awareness, as we work to assist these individuals with their brain health and their overall well-being

Discussion

Sleep Day is an annual event, intended to be a celebration of sleep and a call to action on important issues related to sleep, including medicine, education, social aspects and driving. Help raise awareness of World Sleep Day by carrying out an awareness activity in your city. World Sleep Day 2 will incorporate the slogan, 'Healthy Sleep, Healthy Aging,' intended to emphasize the importance of sleep in overall health at any age. This focus is purposefully broad in meaning, surrounding the message that quality of life can be improved with healthy sleep.

Discussion

Breast cancer is cancer that forms in the cells of the breasts. After skin cancer, breast cancer is the most common cancer diagnosed in women in the United States. Breast cancer can occur in both men and women, but it's far more common in women. Breast cancer survival rates are rising as screening and treatment improve. However, breast cancer is still the most invasive cancer in women.

Discussion

Woman has a significant impact on health, as a result of both biological and gender-related differences. The health of women and girls is of particular concern because, in many societies, they are disadvantaged by discrimination rooted in socio-cultural factors. Women's Health is your go-to destination for new workouts, legit nutrition advice and weight loss tips, the latest health news, healthy recipes, and more.

Points Discussed : Businesses and professional firms use presentations to inform, educate, motivate and persuade internal and external audiences. They build presentations into sales, training and internal communication programs, using the power of words and images to engage their audience and retain attention. A well-crafted presentation also demonstrates professionalism and helps to reinforce an organization's corporate image.

The program was intended to create knowledge in computer among our students,

Microsoft PowerPoint is an easy program to use and a powerful tool for giving a presentation. Whether your presentation needs a visual kick, tools for collaboration, easy access or the ability to share information beyond the initial meeting, PowerPoint is a good option. It can even help reduce speaking anxiety by drawing eyes away from the speaker and towards a screen. Just do not expect this technology to substitute for sound and dynamic speaking skills.

Most banks offer online banking, and you can pay your bills, transfer money, and access a record of your checking account transactions, all from your web browser. Banking from the comfort of your sofa makes everything you do with your finances a bit easier. More and more banks allow you to deposit checks by simply taking a picture of the check with your phone. You can access your banking information anywhere that you have access to the Internet, on your computer or mobile device.

Points Discussed : Microsoft PowerPoint is an easy program to use and a powerful tool for giving a presentation. Whether your presentation needs a visual kick, tools for collaboration, easy access or the ability to share information beyond the initial meeting, PowerPoint is a good option. It can even help reduce speaking anxiety by drawing eyes away from the speaker and towards a screen. Just do not expect this technology to substitute for sound and dynamic speaking skills.

Vijay Hotel opposite
Periyar Bus Stand Near
Madurai - 625 001

On one hand, thousands of unemployed graduates are not finding suitable jobs, while on the other hand, Industry requires millions of young minds at all levels but are unable to find the right candidate. This is because of the skill gap that exists between the student and industry requirements. This skill gap is sought to be minimized for the students of Ambika College of Arts and Science for Women by facilitating them to acquire the appropriate and relevant skills at Ambika College of Arts and Science for Women itself through this program.

HI-TECH ACADEMY, Madurai Shall Provide

- Comprehensive reference and work books to all students for each course as part of the course.
- Qualified trainers for the course.
- Periodical assessment of the progress of students for their further improvements.

'• Certificate of Completion' to every student who successfully completes the training program every semester which will carry the logo of HI-TECH ACADEMY.

Ambika College of Arts and Science For Women Shall Provide:

- The required number of computer systems in the lab and other required infrastructure for the practice
- The Class rooms with LCD projector for the theory classes.
- The Schedule to the classes for this training.
- The supports to ensure all students who have signed up for the class to attend the training programs scheduled for them.
- The relevant software installed in the computer systems.
- Disciplinary support for the smooth conduct and timely completion of the entire course.
- Minimum 50 Hours of Training time.
- Provide all support to HI-TECH ACADEMY in the marketing initiatives undertaken by HI-TECH ACADEMY. To enroll students in the courses offered by HI-TECH ACADEMY,Ambika College of Arts and Science for Women will provide all infrastructural facilities for the marketing initiatives undertaken by HI-TECH ACADEMY.

PARTICIPANTS:

The participants would be the Students of Ambika College of Arts and Science for Women from specified branches from 1st to the 6th Semesters.

COURSE CONTENTS:

HI-TECH ACADEMY in consultation with Ambika College of Arts and Science for Women shall finalize the courses and fees for the skills development program. The same is provided in the Annexure. These will be reviewed every year and suitable changes, if required, will be incorporated. TIME SCHEDULE

The programs will be conducted during the days and timings provided by Ambika College of Arts and Science for Women. The students will be divided into batches, depending on the total strength. The programs will be conducted according to the Time Table drawn up with the mutual consent of HI-TECH ACADEMY and Ambika College of Arts and Science for Women. Utmost care will be taken to frame the time table in such a way that it does not coincide with college exams enabling the student to complete his training ahead of the exams. HI-TECH ACADEMY will not conduct any classes during the time of exams. In case of any change in training schedule the same will be intimated to the Programme Coordinator of Ambika College of Arts and Science for Women. Similarly, if Ambika College of Arts and Science for Women wants a change in training schedule the same may be communicated to the Programme Coordinator of HI-TECH ACADEMY. In either of the case, a revised training schedule has to be made and the Programme Co-ordinators of both HI-TECH ACADEMY & Ambika College of Arts and Science for Women and the respective students must be informed about the change in training schedule by means of suitable media (emails/posters/circulars/notice board displays).

Programme Co-ordinator

The Director of Ambika College of Arts and Science for Women shall appoint a "Program Coordinator" from the respective departments for the duration of the program, who shall liaise with HI-TECH ACADEMY and make the training process learner-friendly and effective. HI-TECH ACADEMY shall work in close relationship with the Program Coordinators, who in-turn shall keep a close touch with the students. In the event of any difference of opinion between HI-TECH ACADEMY and the Program Coordinator, the matter should be referred to the Director of Ambika College of Arts and Science for Women, whose decision thereon shall be final and binding on both the parties.

COURSE COMPLETION:

Courses for individual software will be completed as mentioned in syllabus.

While it is mandatory for the student to have undergone the complete course as mentioned in syllabus to be eligible for a Course Completion Certificate. In case he/she opts out due to any reason an appropriate certificate will be issued for only for that course completed by the student. Students will not be eligible for Certification for the courses that they have not completed.

Neither HI-TECH ACADEMY, Madurai will issue "Certificate of Completion" to the successful student, if full payment is not made. Neither HI-TECH ACADEMY, Madurai will refund the fees once paid if the student opts out or discontinues the course at any stage due to any reason.

VALIDITY:

Both Ambika College of Arts and Science for Women and HI-TECH ACADEMY shall have the rights to terminate this MOU by providing THREE months notice in writing on their respective letter head only after a minimum period of 1 year. SUMMARY:

- The Internet has one very simple job: to move computerized information (known as **data**) from one place to another
- The machines that make up the Internet treat all the information they handle in exactly the same way. In this respect, the Internet works a bit like the postal service.
- Letters are simply passed from one place to another, no matter who they are from or what messages they contain.

The program was intended to create knowledge in computer among our students,

Making your presentation more interesting through the use of multimedia can help to improve the audience's focus. PowerPoint allows you to use images, audio and video to have a greater visual impact. These visual and audio cues may also help a presenter be more improvisational and interactive with the audience.

Report:

The software world requires languages that can interact with hardware. At the same time these languages should be portable so that they can be used on different platforms. Most of the languages either provide the power to control hardware or are flexible but C language provides both the features.

Points Discussed : Charts can help you or the people you share your Excel worksheets with grasp data that is hard to visual or comprehend in words or numbers. Pie charts help viewers grasp percentages, ratios and proportions instantly. Bar and column charts enable you to compare and rank sets of data without even looking at the raw numbers they represent.

SUMMARY:

- The program was intended to create knowledge in computer among our students,
- Microsoft PowerPoint is an easy program to use and a powerful tool for giving a presentation.
- Whether your presentation needs a visual kick, tools for collaboration, easy access or the ability to share information beyond the initial meeting, PowerPoint is a good option.
- It can even help reduce speaking anxiety by drawing eyes away from the speaker and towards a screen.
- Just do not expect this technology to substitute for sound and dynamic speaking skills

Report:

Making your presentation more interesting through the use of multimedia can help to improve the audience's focus. PowerPoint allows you to use images, audio and video to have a greater visual impact. These visual and audio cues may also help a presenter be more improvisational and interactive with the audience.

Report:

The software world requires languages that can interact with hardware. At the same time these languages should be portable so that they can be used on different platforms. Most of the languages either provide the power to control hardware or are flexible but C language provides both the features. This module will enable a learner to implement C programming to solve a given programming problem

Report:

We focused on understanding how computer networks work and how to access the network. Now that you have a firm grasp of that, you can dive deeper into how do you actually build and secure a home network that includes lots of wireless devices. Wireless requires different configurations than a wired network. Both wireless and wired networks are susceptible to security threats and attacks.
